

## Grades

I use a traditional grading system. 100-90% A, etc. If you are absent OR other, please check the school rules about work in your planner. Completed late work that is turned in a reasonable time will be worth 50% credit.

## Quizzes & projects

For both of my classes there will be unit quizzes. History- unit projects that will start in class and finished at home Spanish lit- Novel based projects

## Classroom routine

**History:** Daily warm ups, notes and activities **Spanish Lit:** SSR, Journal entry, grammar/lit. Activity  
**Advisory Wednesdays:** Addressing skills to further your success in the classroom. Ex: Kombs, primary vs secondary sources, handwriting/note taking techniques; ending our day with an advisory lesson.

## Positive incentives

Being part of a PBIS school we acknowledge and encourage our students on modeling our school character traits- ROAR. Besides school rewards (see planner), there are classroom rewards that students can use their ROAR points on as well. This will be our second year using digital points so make sure to download the PBIS rewards app if you want to see your points!

## Goals

**History:** Learn about the different societies around the world during medieval times in all aspects of their culture and know our continents and major oceans!

**Spanish lit:** Have a better understanding of Spanish grammar to prepare you for high school while building on your written and oral Spanish through literature.
